The next APRN Committee meeting is scheduled for February 15, 2016.

#### **Rules and Regulations/Legislative Committee**

Ms. Darling advised the Board that the Committee has not met since the last meeting which was held on September 14, 2015. However, there are issues for the Board to address, particularly regarding alternate Supervised Practice Plans. During the October Board meeting, the draft Supervised Practice Plan (SPP) clinical skills checklist was circulated to Board members for feedback and comments, and the Board tabled the discussion in November. Ms. Darling discussed proposed revisions to the SPP clinical skills checklists for both RNs and LPNs. Currently, the regulations require that a participating facility be an acute care or long term care skilled nursing healthcare facility. Ms. Darling reported that Dr. Mack has received two requests from facilities for exceptions thus far. The Board discussed whether revisions should be made to the regulations, to include language authorizing other healthcare facilities to serve as a participating facility.

Ms. Darling moved, seconded by Mr. Salati, to accept the changes on the SPP clinical skills checklists as discussed, and to suggest a regulatory change to include language granting the Board authority approve other healthcare facilities to serve as participating facilities for Supervised Practice Plans, if the Board determines that the facility would provide a comparable opportunity for the nurse to complete the SPP clinical skills checklist. Motion carried with Ms. Halpern and Dr. Contino opposing.
